

**EAGLE GREEN LANDSCAPERS PVT. LTD.**

**Designing Sustainable Landscapes. Creating Natural Harmony.**

## Company Introduction

Eagle Green Landscapers Pvt. Ltd. was established by G. H. Gowda and is engaged in designing, planning, superintendence, management and execution of landscaping projects. We have expertise in all aspects of landscaping including development, construction and a full range of planning and landscape architectural services. Our multidisciplinary team includes master planners, landscape architects, irrigation specialists, horticulturists, agronomists and field supervisors. We create landscaping by recreating nature into our designs.

## Our Services

- Landscape – Hard Landscape and Soft Landscape
- Landscape Project Management
- Landscape Maintenance

Design Philosophy & Environmental Commitment: We respect nature, environmental balance, water resources and social culture. Our projects are eco-friendly, economical and seamlessly integrated into their surroundings. We emphasize wetland design, nutrient stripping ponds, indigenous plant species, efficient irrigation systems and responsible water usage.
